Assessor Comments

This is an excellent B-Double load of future breeder EU Angus Heifers. They have never been joined. They are EU, PCAS eligible and Never Ever Acc. They are bred out of the renowned Nareen Station cow herd. Vendor has been using Weeran Angus bulls for over 20 years, and more recently also from Bowmont Angus. Selection focus has been on Birth Weight, 600 day growth, Milk, Fat and EMA. These heifers have a very good frame, and will grow out to be very big, solid and heavy cows if given the opportunity.
