	Quite cattle that are easy to handle both in the yards and paddock. Low stress stock handling principles are used with the cattle.
Handled With	Bikes , Low Stress Stock Handling© practices (23/12/24 Second Time) , Vehicles
Assessor Comments	These cattle are quality bred steers from the renowned Yalkuri herd. Steers are sired predominantly by sons of Landfall Keystone, Landfall Leonardo, Chiltern Park Moe and Baldrige 38 Special. Steers have been yard weaned and all animal health is up to date. The cattle handle very well and are good quiet types. They show great capacity and shape considering the tough season. Steers will suit backgrounders and/or a grass fattening operation, and are highly regarded. They are generally grown out to feeder weights but due to the season, they are being sold earlier as part of a management decision. This draft consisted of steers predominantly 280-340kg at assessment, making a rather even line. Around five steers have very light pink eye scaring that is not active or detrimental to the steer, they were treated again at assessment. A small amount of ring worm was also observed in around 20 steers, mostly around their eyes. Apart from this the steers are in great health and a really on the do.
Assessor	Mark O'Leary (Level 2 Accredited) Phone: 0429 814 998
Delivery Period	18/08/2025 to 22/08/2025 (5 days)
Delivery Point	882 Loveday Bay Rd, Narrung SA. Lat: -35.6879985 "S Lng139.3381546 " E
