Assessor Comments	218 x poll merino ewe hoggets, Ridgeway Advance blood. Years of dedicated breeding and genetic selection have allowed the Farr's to present quality lines of hoggets year in - year out despite the tough seasons the Mallee has seen in the past years. These hoggets present in a forward condition which is a credit to the vendor and will perform in many prospective breeding programs. These hoggets will grow into large, plain bodied sheep with bright stylish wools that produce significant wool cutting abilities for the future vendor. Winning multiple blue ribbons at The Annual Lameroo Off Shears Sale over the years these sheep are outstanding proven breeders which have topped the sale previously. Up to date with animal health treatments. M/TS, A/M 24 Drop, September shorn, NSM.
