Assessor Comments	What an achievement by these vendors to present ewe hoggets in this condition with the season that we have just had . which shows what a great constitution that these sheep have . This line represents 60% of their hoggets . They have had all the treatments including Gudair. They spare no expense in their breeding program, having purchased the top price rams at the Mernowie ram sale the last few years, spending into the 30 K mark. They select the rams focusing on ASBVs of YWT and YCFW . These plain bodied ewes will do well in any areas and come highly recommended.
