Assessor Comments	A very neat line of EU accredited Bongongo and Scott's Angus blood steers. This line has had no expense spared on husbandry having 3 x 7 in 1 shots a Piliguard and RhinoGard prior to going onto improved grazing wheat crops. They were extremely easy to handle through the yards on assessment and have improved out of sight when given the chance to feed. They are only on offer due to grazing crops being locked up normally being taken out to heavier kill weights, they are Never Ever, EU, Non Antibiotic and MSA accredited. These steers come highly recommended and will perform for prospective purchasers if given the opportunity.
