Assessor Comments	Offering a well bred line of venor bred dairy x steers, mainly consisting of Angus sires. With a full health treatment history these steers will thrive given the opportunity & with most usually retained by the vendor & fattened for the hook. Lovely and quiet to handle, having been hand reared out of a shed since one day old. Please note sisters also in this sale. Small percentage (approx 20%) with pink eye scarring not deemed detrimental. Approx 10 dehorned on the 12th Aug using pain relief.
