Assessor Comments	Offering an exciting line of 41 Angus background/feeder steers averaging 395kg full at assessment. These steers show plenty of frame and freshness, putting on weight very quickly the past 6 weeks being on grazing cereal crops. These are the top 30% of mob purchased out of Wagga sale yards in lines back in February. Steers were then put onto silage and held until winter crops were available. 6 head were mouthed with 4 milks and 2 just cutting there 2 teeth. Cattle handle well through yards and paddock as can be seen in video. IDEAL CATTLE TO FINISH ON FEED.
