Assessor Comments	Jackstar Pastoral Company of Molesworth are offering a neat line of Angus Steers that have been supplementary fed on an Irwins Weaner Mix ration for approximately 60 Days. Majority of these animals are Vendor Bred with the remainder being purchased out of the Yea Store Sale in June this year. With all the hard work already being done with these steers it presents a fantastic opportunity to continue on their feeding program & target a domestic or light export market. It would also be remiss of me to say given the exceptional rainfall over the previous week & the impending Spring, it also provides an opportunity to place these animals onto a grass fattening program as well. Please note; Jackstar Pastoral have another 27 Angus Heifers available in this sale of similar description.
