Assessor Comments	An outstanding run of EU accredited Angus feeder steers. These steers were purchased from B & P Creek "Doclands" off A
-------------------	--

plus back in January. Steers are Pathfinder and Barwidgee Blood and show plenty of softness, stretch, bone and depth of body. These steers have currently been putting on an average of 1.2Kg per day for the last 8 weeks. With Spring here, these steers have all the hard work being done and will continue to power ahead, whether being on grass or grain. Steers are Grass Fed Only and Antibiotic Free and come with my highest recommendations.
