Assessor Comments	This is an ideal line of steers to put out and grow into heavy feeder weights or grass finish. Steers have been weaned and handled from a young age and are a pleasure to work with. Purchased from 2 vendors as weaners and have performed in a		

tough season. Ideal sort term steers to take advantage of the spring flush. Roughly 8 steers have a Lim/Flex look to them but are still soft enough with enough Angus content. Odd old blue eye (almost gone completely) and the wart but not detrimental in any way.
