Assessor Comments	A very good quality line of 1st X ewe lambs, large frame, in forward condition after a tight winter and are really on the do. They are mulsed and Gudair vaccinated . These ewes exhibit plenty of length of body and good bone. They are good true to type future breeders that will be a worthy addition to any prime lamb operation. This is the second draft of the 2024 drop. Vendors have 400 maiden ewes in this sale.
