Steers were great to handle in the yards, some typical nervousness as you would expect from young cattle. 6 became restless when too much pressure was applied. Most were sensible on the scales, some would rock back and forth which are listed above as slightly stirry. Electric fence trained.			

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A quality line of well bred Charolais X Angus steers that are moving forward quickly and have the ability to grow out into heavy trade or export weights. These steers have great frame, shape and depth and are out of medium to large frame Angus cows. Vendor has selected for Charolais growth traits that complement the quality Angus carcass traits within the herd while also providing hybrid vigour. Showing excellent weight for age, these steers should continue to make solid gains with warmer weather approaching. Never Ever accredited, Greenham Beef Sustainability Standard, electric fence trained. * Please note this is the top draft out of 44 steers, vendor has 2 other lots in this sale.
