Assessor Comments	Glenurra Trust and the Dunstan family are offering their annual draft of excess ewes 95 predominantly 4.5 year old ewes presenting in score 2 condition and averaging approx. 52kgs, they had a hard winter and have responded incredibly well to spring feed and will continue to do so. I can vouch filled out on feed these are some of the highest carcase merit ewes you can find. Six month shearing is easily achieved with these ewes having a sire team av for Yearling Staple Length of 24.23. All ewes have been assessed for soundness, hence purchase with confidence, excellent highly fertile, carcass merit ewes with true 6 month shearing wool type vendors are also offering 125 23 and 24 drop ewes.
