Shedding Breed Contact

No known contact with shedding breeds

Skin Comment

Soft supple easy growing skins

Wool Comment

SWM wools are soft high high-nourished, rainfall-tolerant wools, regularly seeing a premium in the marketplace

Vendor Bred

Yes

Stock History

Sheep not tagged at time of assessment, and will be tagged prior to delivery

Bloodlines

Retained 4.5s lambed every year, offered only due to higher number of incoming hoggets

SWM focused supple skins producing nourished wools that handle high rainfall environments. Focus on fat within ASBVs has developed an easy care ewe

Grazing Conditions

Grass-based pastures over lucerne

Returned same

Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.		
Assessor Comments	SWM are proud to offer 152 excess 2021 drop ewes, having lambed every year. These ewes would otherwise be retained if not for extra young sheep entering the system with the loss of a lease property. 30 years of breeding with the focus on high rainfall-tolerant wools, SWM sheep can go anywhere. Successfully non mulesed for 9 years evident in the low breach wrinkle and cover seen in the bare shorn 4.5s. All ewes have been attentively assessed for sound mouths and udders, averaging 71kgs purchase with confidence, these are easy doing breeders for years to come. SWM Emphasis on positive fat has developed an easy doing, bright wooled, traditional SA frame merino ewe that suits merino, maternal or terminal breeding programs		
Assessor	Nick van den Berg (Level 2 Accredited)		
Delivery Period	16/10/2025 to 23/10/2025 (8 days)		
Delivery Point	Delivery assistance is available on request and by negotiation. 24 hours' notice required Lat: -35.8831534" S Long: 140.0553914" E
