Handled With	Heifers handle well through the yards when drafting into their groups for assessment. The very odd heifer became unsettled in the race when weighing. Knowla cattle are generally always mustered by Stockman on Horseback with dogs. Dogs , Horses , On foot		
Assessor Comments	Buyers a great opportunity to purchase a line of EU Angus Heifers. The Knowla herd have well over 30 years of breeding behind them. These young heifers represent some of the bloodlines that have recently been used both in the stud and commercial herds. These heifers would suit a buyer looking to start a quality herd of Angus females or could be a great asset to any existing commercial herd. This is the lead draft of the younger age heifers, they are beautiful soft heifers standing on good bone and are showing very good weight and growth for age. These heifers will continue to grow and mature in to very good future breeders. Sires include Knowla Revolution R190, Dulverton Smart Missile S68, Booragul Leading Edge T123, Te Mania Parenthesis P446, Knowla Rockefeller R108, Landfall New Ground R1365, and Glenisa Moe S154.
