Lambs were bred on Southern SA Willoway properties before being weaned where they received a drench and vaccination booster and moved to "Mcarthys". Sires have an infusion of Dohne coming through and have improved the lambs with even more shape, depth and constitution. Ideal lambs to put out on improved pastures or into the feedlot with previous years lambs performing very well on feed achieving carcass weights above 28kg. Please note a small % of ewe lambs in mob.
