Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A nice line of 260 quality wooly ms 2nd cross lambs bred out of med-large framed BL/MO & composite ewes, sired by high index ALLENDALE& Caralma Blacks bld SU, Stokes Bay Genetics PD & Ella Matta bld WS rams. Average 41.6kgs., range 33-54kgs.. This consignment has a very tight weight range, hence the line is very even. These lambs have plenty of potential, are fresh, weaned & are very young so have plenty of time to grow out into export weights given the right feed and conditions. There is two drops of lms in this line, with some later drop lms from last years ewe lms in the line. The dirty lms will be crutched prior to delivery.
