Assessor Comments	A very well bred line of late July/ August '25 drop Poll Dorset x MeatPlus lambs. All weighed into a very tight 8kg weight bracket at assessment to average 39.1kg (35-43kg) full. Usually retained and finished at trade weights with very positive buyer feedback. Lambs have the capability of meeting export weights if provided the opportunity given their genetic background. Only selling due to unfortunate seasonal conditions on the tablelands providing an ideal opportunity to take lambs on and feed over the summer months.
