Notable Traits	Traits 4 Head Scurs
Assessor Comments	Buyers, on offer is 240 Composite / Poll Dorset x Merino Lambs. A quality line of July-drop lambs, all individually weighed above 34kg+ at assessment. Lambs were shorn 4 days prior to assessment, presenting fresh and ready to go. Lambs are well educated to barley, having been trail fed 3 times per week and show excellent length, frame and leg, offering plenty of compensatory gain to be had. Lambs represent the lead draft, with a 23% tail removed. Lambs are sired by Kelso Composite rams (70%) and Gooramma Poll Dorset rams (30%), out of large-frame Kerin Poll Merino ewes. Lambs present as a very even, well-bred line suited to continuing to take onto heavier trade or export specifications. For further information, please contact.
