Other JD Management	All females that are retained are treated with Gudair.			
Other Health Information	Flock was founded with ewes and rams that have been vaccinating for OJD for a long period of time.			
Assessor Comments	A small line of July - August drop lambs. All of these lambs have been sired by Pepperton Poll Dorset rams and bred out of Inverbrackie blood Border Leicester ewes. These lambs were weaned at assessment. 100% of these lambs were weighed between 38 & 62kg at assessment and averaged 47.6kg. Poll Dorset Sires selected in the top 15% for Carcase plus with an emphasis on Eye Muscle, Fat & Growth. While the Border Leicester Dams are selected on Frame, Fat & Growth. The annual sale of the Moyle Farms store lambs. Ideal lambs to top up a load or try your hand at feeding lambs, it won't be long until the successful purchaser turns out Export lambs.
