Assessor Comments	A great line of 480 feeder lambs is being offered off "Eumeralla West." These lambs are by the Braun Poll Dorsets out of Cashmore Blood Ewes. They are a genuine Mid August/September 2025 Drop and average 41.7kg curfewed. Three weeks ago were individually weighed from 37kg full and above. They have been well weaned onto Pastures of Clover, Rye and Pahalaris with Trail Fed Barley at .5kg per head per week, so they are grain-trained and ready to go. The hard work has been done. The prospective purchaser will not be disappointed with these lambs as we have had positive feedback from past purchasers on these lambs in both feedlots and on crops, and easily get to export weights. ***Note there is another line of 480 being offered off Eumeralla as a run out the gate in this sale****
