	30 Head	Some scarring from fly.		
Assessor Comments	On offer is a run out the gate semi-trailer load of lambs split into two lots. These lambs have received all their relevant animal health treatments and have had an ideal start to life under correct management. They are bred from high indexing White Suffolk and Black Composite Bark Hut Rams with a focus on eye-muscle and growth rate traits. With wool that will pay for its shearing, these lambs will finish well for the impending purchaser.
