Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Offered is a fantastic line of mixed-sex, White Suffolk x Merino store lambs. With truly exceptional breeding, these producers are continuously striving to improve their production, and these lambs are the result of just that. The previous two consignments sent for slaughter yielded strong results in both carcass dressing % and skin value. Since birth these lambs have had the best start you could ask for but with the season now turning it is time for them to go. With the bulk of these lambs still in fat score 3, they will make for a profitable investment in the not-too-distant future.
