Assessor Comments	A good opportunity to secure Jul/Aug '25 drop 1st Cross lambs that were all weighed 32-46kgs at assessment. Lambs are usually taken through to meet supermarket and export weights although due to the current unfortunate seasonal conditions are being offered to the market. Lambs are currently still on their mothers being trail fed wheat and will be weaned at delivery. Averaging 40kgs at assessment after a 12hr curfew, these lambs are ideal to shear and put on feed to meet supermarket or export weights. Please call for further information.
