Vendor runs big numbers with high stocking rates and this draft is offered as two lines of 600 head as a run out the gate. Bred out of Robust, Medium Frame Monaro & Eastern Riverina bred Merino Ewes by Ridgehaven & Barwon Poll Dorset Sires these lambs will grow out into ideal heavy trade or export weights. Have done well with impressive weights considering the very challenging season these lambs came through showing the constitution, doability and genetics of their breeding. Lambs were weaned at Assessment into weight ranges and their sale group and are ready to go straight to the feedlot or paddock and continue to grow. Just starting to dry off with the deteriorating season. All lambs went through the auto drafter at weaning and weighed between 33 - 44kg. Lambs that have a solid history of performance from previous purchasers.
