Assessor Comments	Quality draft of Dorset/Composite lambs, Aug/Sep 25 drop. Specifically bred from mature older ewes and sired by large bodied high muscling Felix Poll Dorset Rams. These lambs will go on to make large bodied export lambs in the future. They have given great satisfaction to previous buyers. Vendor has also retained these lambs in the past and finished on crops, and that year they did go on to make heavy export weights. They have also been purchased by feedlotters that have been very satisfied with their compensatory growth. These are the tops of the drop. Please note all lambs went through an auto weigh/draft system at assessment.
