Assessor Comments	This is a very impressive line of purpose bred and prepared store lambs. The Paech family have made a conscious plan to market their last 3 drops of lambs as top end store lambs. No expense has been spared to ensure that these lambs have a great foundation of management & animal health to be a successful trade for the buyer. The Paech's have embraced electronic NLIS tags & data measurement capturing individual weights of all lambs & pre weighing all of this line from 35kg plus. This line is the tops of the drop, and have a measured average daily weight gain of 150g/hd/day over the last 50 days. Sired by top end Otto White Suffolk & Ferndale Poll Dorset rams, that are selected for growth and muscling. The ewe base are predominantly White Suffolk first & 2nd cross ewes. These grain imprinted lambs are well grown and have the capability to meet any market. All lambs are crutched. Highly recommended. Please note the vendor a 2nd line of 450 lighter lambs also in this sale.
