Assessor Comments	Account Kealy P/Co a terrific line of 325 White Suffolk x Merino Ewe lambs November Shorn averaging 42.8kg empty. These Ewe lambs are the tops of the drop and have had all the animal health treatments including 2 x 6in1, Gudair vaccination and have been Mulesed and tail stripped. Potential buyers have many avenues with these lambs either growing out as future breeders or fatten for the lucrative kill job. These lambs have plenty of length and carcass attributes with lambs in the past reaching heavy trade and export weights with high yield results. The Kealy family have a renowned local Merino stud and commercial flock which is marketed on not only wool and carcass attributes but also for worm resistance and minimal feet issues. Buy with confidence these lambs are easy care and if the traditional Border x Ewe is out of your budget then these lambs would be the perfect replacement. *Will be delivered as a run out of the gate*
