Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A nice line of 260 quality shorn ms 2nd cross lambs bred out of med-large framed BL/MO & composite ewes, sired by high index ALLENDALE& Caralma Blacks bld SU, Stokes Bay Genetics PD & Ella Matta bld WS rams. Average 34.7kgs., range 29-39KGS.. This consignment has a very tight weight range, hence the line is very even. These lambs have plenty of potential, are fresh, weaned, shorn & are very young so have plenty of time to grow out into export weights given the right feed and conditions. The vendor of these lms will give payment terms till the end of Jan 2026, but must be registered with agent prior to the sale start to get the deferred terms
