| Assessor Comments                     | 640 very well bred young 2nd cross shorn store lambs, weighed 28-44kg to average 35.8kg liveweight, bred from significant composite ewes and sired by high index Ella Matta white Suffolk rams and Stokes Bag genetics Poll Dorset rams. these young shorn lambs have had all animal health treatments required, which makes them just right to start out on stubbles and see them grow out to very good lambs to finish in a feedlot and proven to grow out to heavy export lambs. Majority of the lambs are August drop. |            |                    |             |
