Assessor Comments	*FINAL STAGE OF FLOCK DISPERSAL* On offer are 300 NSM Maiden Poll Merino Ewes. Pure Plevna blood for 40+ years. The Saunders family have been carefully classing their merino flock for generations and have finished with a line of medium-frame ewes that produce 5kg of 19.7 micron bright white and well-nourished wool as grown adult sheep. A regretful sale but due to workload issues the family have decided to finish up their merino enterprise and look for other alternatives. Ewes have intentionally not been joined to a ram so the purchasers may join to the Maternal/Terminal ram of their choice.
