Assessor Comments	These ewes represent a great opportunity to get into some strong performing sheep. The Grasmere flock has historically been heavily classed to only retain the best ewes with the progeny out of these ewes sisters continually topping the Temora/West Wyalong 1st x ewe sale. These June/July 2024 drop classed out ewes have done well and present in strong forward store condition. They are NSM, however the Grasmere stud has rams available to join to them if required. Can highly recommend these ewes. Note 300 sisters in this also, had just been running seperately since weaning.
