Vendor Comments	Selling a run of classed in Breeder Ewes due to a change in the vendors operation. While this is a very reluctant sale, the vendor is very happy how the stock have presented in a trying season.

Joining Details	Not Station Mated
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	Great Opportunity to secure a line of 192 Classed in 4.5yr old Poll Merino Breeding Ewes,, these Ewes show a nice medium to large frame with a great plain stretchy frame and a good deep carcase. This line is apart of the vendors classed in breeders and are only being sold due to a lease block being moved on. Vendor has been chasing a nice white wool with plenty of style, while also achieving a good fertility in the flock. Vendor has been spending in the top end of money on rams the past decade to achieve the results. The wool results for this line of ewes come back at 19 micron, with the Flock Avg being 18.5 Micron. The flock will avg 6-6.5kg of Fleece for a 12 months shearing. Tail has been removed for the buyers confidence. Note Vendor has other lines of classed in Ewe Hoggets and also middle age Breeders in the sale.
