Vendor Comments	Selling a run of classed in Future Breeder Ewe Hoggets due to a change in the vendors operation. While this is a very reluctant sale, the vendor is very happy how the stock have presented in a trying season.
Joining Details	Not Station Mated
Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	Great Opportunity to secure a line of Classed in Future Breeder Ewe Hoggets, these hoggets show a nice medium to large frame with a great stretchy frame and a good deep carcase. This line is apart of the vendors classed in breeders and are only being sold due to a lease block being moved on. This line of Hoggets got joined as Ewe lambs and scanned in at 100%. Vendor has been chasing a nice white wool with plenty of style, while also achieving a good fertility in the flock. Vendor has been spending in the top end of money on rams the past decade to achieve the results. The wool results for the Ewe Hoggets come back this year at 17.5 micron, with the Flock Avg being 18.5 Micron. The flock will avg 6-6.5kg of Fleece for a 12 months shearing. With only a small line of Ewe Hogggets retained this is the year, the next run of 211 Ewe Hoggets and a 2nd line of 109 Ewe Hoggets are being offered in the sale. Tail has been removed from this lot.
