| Assessor Comments | An excellent line of young Poll Merino ewes, with only a 10% top retained and tail removed this line represents a complete drop of vendor bred young ewes. The Hilders sheep are renowned for being large frame, plain body, fertile ewes that cut plenty of wool. These ewes will suit any country and weather type and will not disappoint. They will be ideal for Merino breeding or Xbred lamb breeding.The Hilders were on Barton Hill blood for 30 years when Barton Hill retired they started using Springvale North rams and have been using them for the past 5 years. |
