Assessor Comments	On offer is a very good quality line of Australian White ewes with 200 lambs at foot. These ewes range from 1 to 4.5 years old, with the majority 2022 to 2024 drop (see age break-up). Majority of the 2024 drop ewes are vendor bred, with the balance of ewes purchased from the renowned RB Jones and Partners flock, and other breeders on AuctionsPlus. Ewes show very good shedding traits, and present in good condition given they are only running on natural pasture country and many are rearing lambs. Ewes have been running continuously with Outback Australian White and Bulmar UltraWhite rams. The 200 lambs at foot range from 1 to approx. 14 weeks old and average 22kg. All male lambs were castrated the week prior to assessment, but lambs were not tail docked. These ewes have also had 300 wether lambs & 215 ewe lambs weaned off them this year, demonstrating their fertility. The ewe lambs are also on offer in this sale. Great opportunity to purchase quality Australian White ewes in their prime.
