Assessor Comments	On offer is a quality line of Australian White and Australian White x UltraWhite ewe lambs, 4 to 12 months of age. These ewe lambs show good growth for age given they have only been running on natural pastures. A large percentage are bred out of Australian White ewes purchased from the renowned RB Jones and Partners flock at Condobolin (pure Tattykeel blood), while other ewes have been purchased on AuctionsPlus. Ewe lambs are sired by Outback Australian White and Bulmar UltraWhite rams, with the breed break-up an estimate based on the break-up on rams used. The ewes show good shedding traits, with some of the younger lambs still carrying their lamb coat. They have been running continuously with Australian White and UltraWhite rams. A great opportunity to purchase a quality line of shedding breed ewe lambs with all their breeding lives ahead of them. Please note vendor also has a line of 436 ewes with 200 lambs at foot on offer in this sale, which are the mothers of these lambs.
