Assessor Comments	1.5 year old first cross ewes scanned empty & ready to join to the ram of your choice as they Present in predominately 3 & 4 score prime condition averaging 59kg at assessment & are showing great maternal attributes, ewes stand on a medium frame which should offer plenty of longevity & soundness. Ewes are out of Pastora Blood merino ewes & sired by Kegra Border Leicester rams. Very well presented with nothing left for you to do as they have been shorn, drenched and vaccinated on 17/10/25, scanned empty to ensure buyers confidence on 10/11/25 & returned to the same paddocks so there's no changes in their diets or environment. NOTE: only 6 head under 49kg at assessment = 1x44kg, 1x46kg, 4x48kg NOTE: Vendors previous years young FX ewes that were joined to white Suffolk rams lambed with ease & those lambs went onto grow out into heavy trade lambs under the vendors good animal management practices.
