	Heifers were generally good to handle in yard however, a small amount of heifers became agitated whilst in confined space of the crush and pound yard. Some heifer's moved quickly through the pound gate ways but did settle when returned to the mob.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A very good line of Vendor bred PTE light feeder/ Backgrounder heifers are on offer. They stand on good bone and have great confirmation to take through to heavy feeder weights or to heavier kill weights. Heifers are a composite type please see breed description and videos for own satisfaction, there is two brindle heifers in the mob. Heifers were mustered on Monday afternoon prior to assessment in yards overnight then drafted and walked 10 km to house paddock for the night. Bought back into yard on Wednesday morning to be assessed that afternoon, so please consider this a fair curfew before assessment. Heifers were preg tested by the vendor with a wand at assessment and all being tested as non detectable. Buyers note vendor has another lot in same sale.
