Assessor Comments	A very good line of Vendor bred 27 PTE Angus cross Backgrounder heifers are on offer. They stand on good bone and have great confirmation to take through to heavy feeder weights or to heavier kill weights. Heifers are an Angus Brangus type please see breed description and videos for own satisfaction. Heifers were mustered on Monday afternoon prior to assessment in yards overnight then drafted and walked 10 km to house paddock for the night. Bought back into yard on Wednesday morning to be assessed that afternoon, so please consider this a fair curfew before assessment. Heifers were preg tested by the vendor with a wand at assessment and all being tested as non detectable. Buyers note vendor has another lot in same sale.
