5 Head Warts head & neck
2 Head White on sheath

Assessor Comments	Buyers these steers are at trade feeder weights now, they also can be taken onto heavier feeder weights. The steers could also be taken on to yearling bullock weights to suit a grass program. There are 2 steers that have white on the belly which is behind the sheath, of steers assessed as Angus x 2 have white on the sheath & 1 has scurrs. There is 1 steer with a very slight white mark next to the near side eye which is more likely from a healed cut see photos to make own assessment.
