Assessor Comments	A very smart group of Angus light feeder steers. 11 of these steers are by AI Sire GB Fireball 672 & 1 by Baldrige Command C036 with the balance being Bannaby S168 and being bred out of very productive Millah Murrah & Bannaby blood cows. These steers have done extremely well through spring and are on a rising plane. They will present in store to forward store condition and have been running on improved pastures. 2 lighter steers were removed from this mob
