Assessor Comments	On offer are 13 Black Baldy feeder-weight steers. These steers have an average live weight of 341.8kg at assessment. They are showing great weight for age, with excellent signs of shape and stretch. These steers are ideal feeder candidates as they have not experienced any setbacks and are currently being paddock-weaned onto clover and rye grass. These steers are Hollywood Angus bloodlines out of large-framed Angus cows. Given the opportunity, they should continue to grow into heavy export weights. MR BOB BARNETT HAS BEEN BREEDING CATTLE FOR THE PAST 68 YEARS, NOW DAUGHTER JULIE HAS TAKEN OVER THE HERD AND PROPERTY WITH THE GUIDANCE OF MR BARNETT. These steers carry our strongest recommendation. vendor will offer 2 lots of steers in the same sale.
