Temperament

Yards	Crush	Paddock
Quiet: 105 head Slightly Stirry: 2 head	Quiet: 105 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

These steers worked up the race and through the scales very quietly. with the exception of 2 they all stood quietly while being weighed. They were all very settled and quiet to walk through in the yards and pen up. None stirred up in the pound. previous buyers have commented on the excellent temperament of these cattle.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot
Assessor Comments	Plenty of compensatory weight gain to be had here. These fellas have been running in forest country under dry conditions where the pasture was exhausted. They are all frame and now with rain in the last six weeks they are moving ahead on fresh green pick. They have been bred on light country and will explode on some good feed. These steers are out of a cow herd that has been using Simental as its base for many years. Sires are from Billa Park, Ticoba (red Simental) Moongool, Casa Toro and Summa Simental and Bettafield Charolais and the odd Droughtmaster. A large percentage of these steers show the traditional Simental markings and others are showing the more the red or black influence and some straight Droughtmasters. They show kind temperament and worked beautifully up the race and through the yards. They are branded as very late no. 4, mouthed 20 of them these were all milk tooth. Located in a tick free area. one steer had warts on his eye lid (in photo) and one had some fly bite.
