

Stirry: 1 head

Cattle worked well through yards and crush, have had quite a bit of handling through yards. Some cattle became slightly agitated when in the crush (not unusual), when let out they settled back to the mob quickly. Overall a good mob of steers to handle.

Assessor Comments

Buyers here is a top quality line of Angus steers to put away on grass and grow out to heavier weights. These steers are top quality Angus steers that have been bred and handled right to continue to perform for the new buyer. They are really starting to perform after weaning and handling and would expect for them to go ahead. Top quality Angus weaned steers not to be missed.
