Assessor Comments	A very good even line of Angus X Angus steers that are showing good length and depth of body whilst standing on good bone. 50% vendor bred 50% once removed from WY WURRIE Bendemeer. These steers are very well bred both coming from large framed cow herds with top genetics sourced respectfully from two quality Angus studs in COFFIN CREEK & BOORAGUL with a focus on top 400 & 600 day weights, positive CWT, EMA, RIB, RUMP & IMF. All steers are in top health and are on the do with all but a few to lose their winter coats. They handled very well in the yards showing very good quiet temperaments with very odd steer unsettled in the crush. Please note 4 steers with slight blemish in one eye.
