These heifers are out of purchased heifers that were joined and calved down with bloodlines consisting of Booroomooka, Eaglehawk, Heart & Killain Angus, all sired by Eaglehawk Angus bulls that were selected for high growth and structural soundness. Heifers demonstrate great weight for age and would be ideal to feed for domestic or export markets could even join to the bull of your choice. These heifers were pretested empty by a vet on day of assessment for buyer confidence. Buyers please note, odd heifer carries light wart & ringworm, four heifers carry old pinkeye scarring but doesn't affect their sight in anyway and three heifers have white forward of the udder.
