Heifers were a pleasure to handle. They had to come through the draft and weigh box to be drafted and assessed twice and flowed very well both times. Please note the animals noted as slightly stiry were only assessed that way when they were isolated or pressure was applied either in the rush or in a yard, they quickly settled once released.

Assessor Comments	Buyers, here is your opportunity to secure a very good quality line of Wagyu/Angus and Wagyu/Angus/Droughtmaster cross weaned Heifers. They stand on good bone and show fantastic length and weight for age. They have a live weight range 224kg to 328kg. They have an average weight of 264kg after a 5% delivery adjustment. These heifers would be ideally suited to replacement breeds or grow out to target the feeder or slaughter markets. They have had all the hard work done and are powering ahead on the oats, they will continue to power ahead if given the opportunity of good feed. Please note the vendor has another 2 lots on offer in the same sale.
