Most of the heifers stirred slightly when pressure was applied in the yards and race, however they quickly settled once released back into the mob. Heifers generally flowed well through the yards.

Assessor Comments A good quality line of Angus x Angus heifers. These heifers are displaying good bone & length. These would be ideal cattle

	to suit backgrounders or feedlotters as they offer good compensatory gains. The vendor has done everything possible to ensure heifers are empty, vet certificate can be provided to confirm PTE status.
