Quiet: 20 head Slightly Stirry: 8 head	Quiet: 18 head Slightly Stirry: 10 head	Temperament not assessed in Paddock

Temperament is an absolute highlight of these heifers. All cattle flow freely through the yards and remain very sensible during weighing. While I have not personally handled them in the paddock, I have observed them being moved with a side-by-side ATV and dogs, and they remained calm and easy to handle throughout.
